Subject Index

A

- Anesthesia**, choice of, in oral cancer, 46-47
- Aniridia**, congenital, and Wilms' tumor, 289-294

B

- Bile ducts**, extrahepatic, carcinoma of, 368-371
 - pathology of, 368
 - treatment for, 369-370
- Biopsy**, scalene node, correlation with other diagnostic procedures, 295-298
- Bittner** "milk factor," in mice, 220-221
- Breast**, carcinoma of, management of pathologic fractures in, 245-247
- Breast cancer**, and breast feeding, 112-116
- Breast cancer**, chesi-wall resection for locally recurrent, 282-288
 - long-term survival, 287
 - survival factors, 282-286
- Breast cancer**, early diagnosis in, 120-124
- Breast cancer**, in pregnancy, 86-88
- Breast cancer**, national conference on, program of, 56-59

C

- Cachexia**, in oral cancer, 171-172
- Cancer**, a life with, a physician's personal experience, 185-187
- Cancer**, advanced, management of patient with, 211-217
 - modalities in, 212-214
 - specific symptoms, management of, 214-217
- Cancer**, and pregnancy, 85-93
- Cancer**, and viruses, 218-227
- Cancer**, epidemiologic aspects of, 27-35
- Cancer**, of tonsillar area and palatine arch, 315-317
- Cancer**, natural course of, 32-33
- Cancer**, vaccine for, possibilities of, 154-157

- Cancer survey**, third national, 228-231
- Carcinogens**, in human environment, 277-278
- Cervix**, carcinoma of, in pregnancy, 85-86
- Cervix cancer**, control of, economic considerations of, 107-111
- Chemical hazards**, in human environment, 276-281
- Chest-wall resection**, for locally recurrent breast cancer, 282-288
- Children**, malignant tumors in, retinoblastoma, 360-362
- Chromosome studies**, clinical aspects of, 299-305
 - glossary of terms, 304-305
- Clinical management of cancer**, radiation therapy in, 18-26
- Clinical staging of cancer**, and end result reporting, 158-167
- TNM system**, 158-160
- Colon and rectum**, cancer of, incidence, 339-341
 - prognosis, 341-342
- Colon and rectum**, cancer of, detection in routine examination, 330-337
 - method of detection, 331-333
 - multiple stool testing, 331-333
 - routine sigmoidoscopy, 336
- Colon and rectum**, cancer of, importance of routine sigmoidoscopy, 338-343
 - method of examination, 342
- Colon and rectum**, carcinoma of, 248-250
 - chemotherapy for, 249-250
 - relationship between polyps and cancer, 249
- Colonic polyps**, 118-119
- Curriculum**, in medical education, 54-55

E

- Encomium**, for David A. Karnofsky, M.D., 384-385
- End result reporting**, of cancer, calculation of survival rates, 161-166
 - definition of starting time, 161
 - description of case material, 161

Subject Index

- End result reporting, of cancer, and clinical staging of, 158-167
- Environment, chemical hazards in, 276-281
 - carcinogens, 277-278
 - testing for weak effects, 279-281
 - mutagens, 278-279
 - testing for weak effects, 281
- Epidemiologic aspects of cancer, 27-35
 - cancer, natural course of, 32-33
 - environmental causes, 28-32
 - bladder cancer, 29, 32
 - bone cancer, 31
 - clustering, 35
 - ionizing radiation, 29-31
 - leukemia, 30
 - lung cancer, 29, 30-31, 32
 - mouth cancer, 29
 - occupational exposures, 31-32
 - skin cancer, 32
 - tobacco, 29
 - measures of disease frequency, 33-34
 - application of, 34-35
 - national propensity to disease, 27-28
 - social and genetic causes, 28
- Eye, tumors of, malignant, 360-363
 - melanoma, malignant, 362-363
 - orbit, 363
 - retinoblastoma, in children, 360-362

F

- Feedback**, 71-72, 135, 263-264, 326-327, 372-373
- Fiberoptic sigmoidoscopes, flexible, 80-84
 - insertion of, 82-84
- Fibroblastic tumors, 202-210
- Fibrous tissue, tumor-like conditions of,
 - fibromatoses, 203-205
 - keloids, 202-203
- Fibrous tissue, tumors and tumor-like conditions of, 202-210
- Fibrous tissue, tumors of, benign, 205-209
 - dermatofibrosarcoma protuberans, 209

- desmoid, 207-209
- juvenile nasopharyngeal angiofibroma, 205-206
- Fibrous tissue, tumors of, malignant,
 - fibrosarcoma, 209-210
 - treatment of, 210
- Foremost cancer, the, 72

G

- Gardner's syndrome**, 266-275
 - diagnosis of, 271-273
 - diagnostic features in four families, 267-271
 - treatment of, 273-274
- Gastrointestinal cancer, in pregnancy, 90-91
- Genetic changes, viral-caused, 224-225

H

- Head and neck**, cancer of, interdisciplinary approach to management of, 364-367
- Hemicorporectomy, for advanced cancer, 36-39
- Highlighting *Cancer Chemotherapy Reports*, 193, 260, 320, 380-381
- Histologic changes in lung, a slide review, 138-145

I

- Interdisciplinary approach**, to management of head and neck cancer, 364-367

K

- Karnofsky**, David A., M.D., 384-385

Subject Index

L

- Laryngectomy**, indications for, in oral cancer, 44
- Leukemia**, in mice, 221-222
- Life with cancer**: a, a physician's personal experience, 185-187
- Limited license syndrome** and cancer, the, 136
- Lipoma**, solitary, 4-6
- Lipomas**, multiple, 6
- Lipomatosis**, congenital, 6
- Lipopathies**, idiopathic, 6-7
- Looking at Cancer**, 66-68, 130-131, 194-195, 261-262, 318-319, 374-376
- Lung**, changes in, a slide review, 138-145

M

- Mammary carcinoma**, early diagnosis in, 120-124
- Management of patient with advanced cancer**, the, 211-217
- Mandible**, preservation of, in oral cancer, 45-46
- Medical education**, curriculum in, 54-55
- Medical library**, core, for practitioners in community hospitals, 352-359
- Medullary thyroid carcinoma**, 74-79
 - associated lesions, 76-77
 - clinical manifestations, 75
 - hormonal effects, 77-78
 - lethal potential, 77
 - treatment of, 78-79
- Melanoma**, in pregnancy, 89
- Melanoma**, malignant, of eye, 362-363
- Mutagens**, in human environment, 278-279

N

- Neck dissection**, indications for, in oral cancer, 43-44
- Need to know** versus the need to hope, the, 328

- Never say die**, a personal tribute to George T. Pack, M.D., 198-200
- Now Hear This!**, 60, 127

O

- Oophorectomy**, in pregnancy, 88-89
- Oral cancer**,
 - cachexia, 171-172
 - chemotherapy, systemic effects of, 232-234
 - dietary and nutrition problems, 170-176
 - drooling, 183
 - follow-up management, 236-242
 - multiple primary lesions, 236-237
 - nutritional rehabilitation, 237-238
 - hematologic complications, 234-236
 - anemia, 234-235
 - leukopenia, 235
 - thrombocytopenia, 235-236
 - infection during treatment, 176-180
 - moniliasis, 177-178
 - systemic infections, 179-180
 - maintenance of oral hygiene in, 168
 - major management considerations, 238-241
 - tobacco and alcohol, 241-242
 - pain, 180, 181-182
 - plaque, removal of, 168-170
 - xerostomia, 182
- Oral cancer**, and radiation therapy, extraction of teeth in, 100-102
- Oral cancer**, maintaining oral and general health in, 168-184, 232-244
- Oral cancer**, management of soft tissue before, during, and after treatment for, 40-53
 - anesthesia choice, 46-47
 - management of soft tissues during primary ablation of oral cavity cancer, 42-45
 - mandible preservation, 45-46
 - osteoradionecrosis, 52
 - palliative surgical methods, 51
 - posttreatment management of

Subject Index

soft tissue, 49-50
 pretreatment management of
 soft tissue, 41-42
 radiation therapy, 47-49, 51-53
 management of soft tissues
 after, 51-53
 replacement tissues, 45
 Oral cancer, management of teeth
 in, 98-106
 maintaining oral health in, 102-
 103
 presurgical care of mouth, 98-99
 salivary gland changes, 103-105
 Osteoradionecrosis, 99-100
 in oral cancer, 52
 Ovarian cancer, in pregnancy, 90

P

Pack, George T., M.D., a per-
 sonal tribute to, 198-200
 Pheochromocytoma, 74-79, 306-311
 safeguards during operative re-
 moval, 307-308
 specificity of laboratory diag-
 nostic tests, 306-307
 Plaque, removal of, in oral can-
 cer, 168-170
 Polyposis, colonic, in Gardner's
 syndrome, 266-275
 Polyps, of colon, 118-119
 Pregnancy, and cancer, 85-93

R

Radiation therapy, extraction of
 teeth in, 100-102
 Radiation therapy, in clinical man-
 agement of cancer, 18-26
 combined surgical and radio-
 therapeutic procedures, 20-21
 radiation sources, 25-26
 treatment methods, 21-25
 Radiation therapy, in oral cancer,
 47-49, 51-53
 Radiation therapy, logistics on,
 94-97
 Radiation therapy, salivary gland
 changes during, 103-105
 Reporting on *Cancer Research*, 69-
 70, 132-134, 190-192, 255-257,
 321-322, 377-379
 Retinoblastoma, 360-362

S

Salivary glands, changes in, during
 radiation therapy, 103-105
 Sarcoma, in pregnancy, 90
 Scalene node biopsy, correlation
 with other diagnostic proce-
 dures, 295-298
 Sigmoidoscopes, fiberoptic, flex-
 ible, 80-84
 Sigmoidoscopy, importance of rou-
 tine, in asymptomatic patients,
 338-343
 Soft tissue, management of, be-
 fore, during, and after treat-
 ment for oral cancer, 40-53
 Soft tissue tumors, benign, of adi-
 pose tissue, 3-7
 treatment of, 7

T

Teeth, management of, in oral
 cancer, 98-106
 Teratomas, sacrococcygeal, 344-
 351
 malignancy and age of dis-
 covery, 345-346
 pathology of, 346-349
 prognosis for, 350
 sex ratio, 346
 symptoms of, 344-345
 treatment for, 350
 Thymoma, 146-153
 Thymus gland, neoplasm of, 146-
 153
 differentiation of benign and
 malignant, 149
 Thyroid, medullary, carcinoma of,
 74-79
 Thyroid cancer, in pregnancy, 89-
 90
 Translumbar amputation, for ad-
 vanced cancer, 36-39
 Tumor registries, computerized,
 8-17
 Tumors, benign, of adipose tissue,
 3-7
 Tumors, of eye, malignant, 360-363
 Tumors, of fibrous tissue, 202-210

U

**Unproven Methods of Cancer
 Treatment**,
 Chase Dietary Method, 125-126
